## ES&D Plastic pelton runner

**Price**  
🇨🇦 (CAD): **\$195.00**

**Qty:**  **BUY NOW**

Item Code: ESD4P-B  
Brand: ESD  
Mfg Location: Canada  
Unit of Measure: EA  
Weight Imp.: 0

**Item Description**

Pelton- This popular, plastic pelton wheel is useful in higher head/lower flow situations and where outputs will not be excessive. With a 10cm pitch diameter (4 inch), it is ideal for small, do-it-yourself applications, and has been used in the "L'il Otto" micro-hydroelectric systems for years. The peltons are supplied with a 13mm (1/2") bore.
